

HealthLife Patient Portal

Your Health Information, Online, Anytime

Similar to online banking or other websites people use every day, HealthLife patient portal is the safe, easy, online way to access your health information—24 hours a day, seven days a week, when it's convenient for you.

With the patient portal, you can see:

- Your Personal Health Information
- Allergies, Procedures and Health Issues
- Immunizations
- Discharge documents and visit summaries
- Lab Results
- Future Appointments

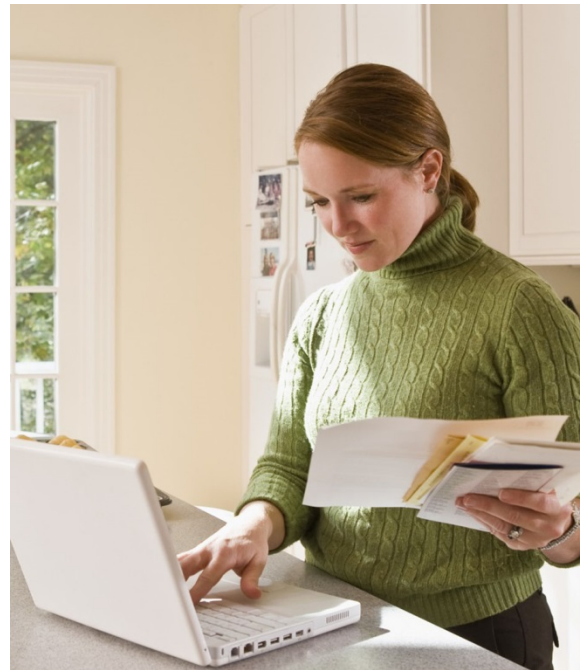

You will also be able to:

- Send a message to your medical provider
- Request appointments
- Pay Your Bill
- Find Links to Health Information
- Visit the PACHS website

A partner with Mercy Health Network – North Iowa

Enrolling in HealthLife is EASY and FREE!

1. **Check your Email.** We will send you an email invitation with a link to HealthLife's registration page. Click the link in the email and follow the registration steps. You have 90 days to accept your invitation. (Use your Zip code as your password for your invitation)
2. **Verify Your Identity.** We will ask if you are the PATIENT, or if you are responsible for the PATIENT's health.
3. **Create Your Account.** Simply enter your information as requested, create a username and a strong password, and choose a security question and enter the answer to the question. Read and agree to the terms of use. You are done! It will automatically log you in to the portal after you have created your account.

Invitation Password

- Your Invitation Password is your 5-digit Zip Code.
- When you register you will make your own secure password for the portal
- Remember you only have 90 days to accept your Invitation.

Returning to the Portal

- After you register, you may return to the portal by going to: <http://pachs.iqhealth.com>
