Creating a brighter tomorrow

Dear Friends,

There is something special about knowing that quality healthcare is right here in our own community.

When a child is sick, a loved one needs emergency care, or a neighbor needs treatment, we don't want families to have to travel far from home. We want them to have the care they need, surrounded by the people and community they know. That is why the PACHS Foundation exists.

Since 1990, generous community members have helped the Foundation support equipment, programs, ambulance services, construction and other needs that strengthen healthcare throughout Palo Alto County.

As healthcare continues to change, so does the need to invest in our local system. Together, we can help make sure PACHS has the resources to provide excellent care today... and continue serving our community for generations to come.

A gift to the PACHS Foundation is more than a donation. It is an investment in our neighbors, our families and the future of healthcare close to home.

We are grateful for everyone who has helped make PACHS what it is today, and we invite you to be part of what comes next.

With heartfelt thanks, Anna Merideth, PACHS Foundation Director
